## ESSER III Grant

The following is what is included in the grant. The ESSER III required 20% of the grant to address learning loss.

|   |   |
|---|---|
| <b>Band Instruments</b>                                   | Tenor Saxophone, Baritone Saxophone and Euphonium. These school owned instruments are shared by students. This past year only one student could play each instrument. Each player would have their own instrument |
| <b>Edmentum</b>   | These are online classes used by high school students to recover credits. <b>*Addressing learning loss.</b>   |
| <b>Royal Reading Writing Center</b>                       | Creates more space for students to work.  |
| <b>Kidney Activity Table</b>                              | Creates more space for students to work.  |
| <b>Elementary Windows</b>                                 | Replace the rest of the elementary windows not covered in ESSER II grant.   |
| <b>Bowen Center</b>                                       | Meeting the social/emotional needs of our students. <b>*Addressing learning loss.</b>   |
| <b>High School Science Room</b>                           | Revamp the high school science classroom. Creating a modern science classroom/lab and promoting social distancing.  |
| <b>Elementary Nurse Station</b>                           | Revamp the elementary nurse's office and clinic. Install better restroom facilities and more space for sick students.   |
| <b>Elementary Locker Rooms</b>                            | Create two small classrooms in the two locker rooms. This would open up two larger classrooms.  |
| <b>STEM Project</b>                                       | STEM Projects for Summer School students. (Flight theme.)   |
